OUR WONDERFUL KITES!

Bambi: 54cm high, waterproof tear-proof tyvek sail, 20m kite string and handle, Bamboo frame, two 1m tails and tape.

Indestructa: 64 cm high, waterproof tear-proof tyvek sail, 20m kite string and handle, indestructible fibreglass frame, two 2m tails and tape.

Our other products include:

Parachute Peg: An old fashioned toy just like Grandpa played with. Use felt pens to decorate your wooden peg person, and pencils or crayons to decorate your tyvek parachute.

Dream Catcher: Starter Kit includes 3 cane hoops per child (1 large 30cm diameter and 2 small), plus curling ribbon, feathers and beads. Personalise the activity by adding your own twist e.g. nature walk (leaves, flowers, grass, bark), photo of the child (terrific for fathers' day/mothers' day), motivational words (great for goal setting or reflection activities) etc.

Wind Sock: 80cm tyvek body to decorate with paint, crayon or pencils, handle, cane hoop and five colourful tails. Completed length approx 1.5m.

Frisbee: Tyvek circle to decorate with crayon, and a sturdy yet gentle cane rim 30cm in diameter. Extend the activity indoors or out with a Putt Putt style obstacle course.
